

Renewal FAQ's

The College of Medical Radiation and Imaging Professionals of Saskatchewan Act requires you to renew your registration every year. Every member of the College must complete the annual registration renewal in order to:

- Continue practicing as a Medical Radiation and Imaging Professional (MRIP) in Saskatchewan; or
- Continue on non-practicing or associate status to stay in good standing; or
- Resign in good standing.

Some members choose to change their registration type effective January 1st of the incoming new year.

You can complete your renewal process through the CMRIPS online renewal system from October 15 - November 30 by logging into the CMRIPS member portal. Renewing your registration involves answering declarations to verify your practice hours, continuing education credits, professional liability insurance, and paying an annual registration fee.

It is your responsibility to ensure you complete your renewal every year on time.

Requirements

Practice Hours

In order to be eligible for a full practice license, members must have practiced a minimum of 1200 MRIP practice hours in their primary discipline. The practice hour requirement for one's secondary discipline remains the same at 300 MRIP practice hours in the previous five years.

Professional Liability Insurance

Section 19 of the Regulation Bylaws states all members who practice are required to be insured against liability for professional negligence in an amount that is at least \$5,000,000 per incident and \$5,000,000 per year.

Continuing Education

Section 18 of the Regulation Bylaws states that a regulated member must adhere to a continuing education program in order to maintain licensure.
